Agenda

Mission statement

Get to know each other

What is AI/ML

Topics for upcoming sessions - Choose wisely

EOP

## Mission statement

---

# Mission statement

We want AIOLI to become a foundation for

- presenting, finding ideas or partners for cool projects,
- hosting or attending interesting workshops,
- open discussions and
- sharing and extending knowledge

What we **do not** want it to become:

- No direct connection to curriculum, no CP
- No journal club

### **Which kind of projects?**

Whatever you can think of, as long as it is related to ML/AI. This will be a permanent part of the agenda.

### **What do you mean by workshop?**

Hands-on sessions by any experienced person willing to present and lead through a project/implementation.

**Get to know each other**

---

# Hi, my name is...

Tell us a little bit about yourself:

- your name,
- field of study,
- interests/experiences in this domain,
- expectations/hopes for the next sessions

## What is AI/ML
